Paris Players Go to Corbin.

James Poole, Wesley Holder and John Goodman, members of the Paris Base Ball club, were Wednesday granted a two days' leave of absence by Manager McKrean and went to Corbin where they participated in a game with that club against a club from Middleboro. Poole did the twirling on that occasion and Holder caught, Goodman playing on first. The addition of the three Borbonites to the Corbin club added great strength and they won by a score of 4 to 2. A great rivalry is said to exist between the two clubs and the game Wednesday was one of a series to decide the amateur championship in that neck of the brush.

Yesterday afternoon Poole again twirled the Corbin club to victory winning by a score of 1 to 0.

Extensive Improvements.

The shoe store of George McWilliams has just been finished after undergoing extensive improvements. It now presents the appearance of a big city store.

Shelves have been erected running from the floor to the ceiling on both sides. Patent sliding ladders, new chairs, etc., have been added. The additional shelf room will accommodate one thousand pair of shoes, which are already filled with the new fall and winter styles. Mr. McWilliams prides himself on handling nothing but the best grades of shoes—the kind that give service. His leading brands are the Nettleton and Hahan shoes for men and the famous Sorosis shoes for ladies. Any style, size or last, from the smallest to the largest, can be found at this new and up-to-the-minute store. If you don't believe it try him.

Wednesday night they started for their mountain homes to stick in a couple of votes against Caleb Powers in the Congressional race held in the Eleventh district yesterday, but the lure of the "red-eye" prompted them to stop off in Paris. Imbibing freely the men soon became boisterous and were taken into custody by Officer Thomas.

Elder Morgan to Lecture.

A series of three great lectures by Elder Carey E. Morgan will be given at the Paris Public School Auditorium on the following dates: First, "The Sea and Desert," on Friday evening September 30, at 8 o'clock. Second, "The Holy Land," on October 7, and the third, "The Alps and Their Neighbors," on October 14. Mr. Morgan is an excellent and most interesting speaker, when he has no objects or pictures to assist him in engaging and holding the attention of his auditors, and when he has some three hundred excellent pictures, some ten feet in dimensions, of the wonders of antiquity, the sea and its islands and mysteries, the sacred Holy Land with all its endearments, and the historic Alps with their snow-capped peaks and sublime scenery, we know that we shall have three delightful evenings with Elder Morgan.

When the school children come to you with tickets buy them. Proceeds for the benefit of the Athletic Association.
